

School Uniform Order & Fitting Reminder

Our uniform supplier Envision Marketing will be holding a uniform fitting at the school on

Tuesday, April 19th from 1pm-8pm.

Prior to last year, the school had one annual uniform fitting date. Because last year was a transition year with new products requiring nearly all students to be fitted, more dates were required. However, as we have made a successful change we will be going back to one fitting this year.

The fitting will take place in the gym and we hope to have plenty of parent volunteers to assist you. Order forms will be due back in the school by **Tuesday, April 26th** in the locked uniform drop box across from the office. Orders placed after the April 26th due date cannot be guaranteed before the start of school. Should you require a size adjustment in August, exchanges can be arranged by contacting the Envisions rep by August 15th.

There are two updates regarding product availability from Envisions. New stock of the belted girls pant will no longer be available to order, however, any pants presently in stock at Envisions will be available on a first come first serve basis. Also, in addition to the girl's slim fit pants, the unisex slim fit pants will now have adjustable waists.

The order form is now available on our website at www.stccs.ca . It can be filled out and faxed or mailed to the Envisions office if you are unable to attend the fittings. Information on our website regarding dress code is also available.

We look forward to seeing you at the fittings,

Denise George & Robyn Powell
